

Seventeenth Sunday in Ordinary Time

July 25, 2021

This Sunday we hear the great story of the multiplication of the loaves and fishes. This story was so important that every Gospel tells it and both Matthew and Mark tell two multiplication stories. Clearly Jesus wants us to learn something! One important lesson is that God provides what we need, not necessarily what we want, but what we need. Another is that scripture scholars suggest that the multiplication happened because people who were hoarding food began to share what they had when they saw that Jesus was breaking and sharing the little he had been given by a child. The miracle of God's action was in changing hearts not just stretching limited resources. What generosity might God be asking of us?

FALCONS CORNER

Welcome back to what we know will be a wonderful and exciting school year with the introduction of Classical Education.

Classical education is the education our founding Fathers received and we are recovering our authentic Catholic education.

Catholic education aims not only to communicate facts but also to transmit a coherent, comprehensive vision of life, in the conviction that the truths contained in that vision liberate students in the most profound meaning of human freedom.
