Much More Than Loaves and Fishes

This Sunday we hear the great story of the multiplication of the loaves and fishes. This story was so important that every Gospel tells it and both Matthew and Mark tell two multiplication stories. Clearly Jesus wants us to learn something! One important lesson is that God provides what we need, not necessarily what we want, but what we need. Another is that scripture scholars suggest that the multiplication happened because people who were hoarding food began to share what they had when they saw that Jesus was breaking and sharing the little he had been given by a child. The miracle of God's action was in changing hearts not just stretching limited resources. What generosity might God be asking of us?

Please join us for the blessing of the garden and statue unveiling of the Garden of the Holy Innocents.
